SPEED-FEED PRIVACY POLICY

This privacy policy sets out how Scale Race Engineering uses and protects any information that obtained through the use of the Speed-Feed application.

Scale Race Engineering is committed to ensuring that your privacy is protected. Should we ask you to provide certain information by which you can be identified when using the application, then you can be assured that it will only be used in accordance with this privacy statement.

Scale Race Engineering may change this policy from time to time by updating this document. You should check this document from time to time to ensure that you are happy with any changes. This policy is effective from January 2017.

What we collect
No information is collected by Scale Race Engineering or the application through its normal use. The host device's 'Phone State' is accessed in order to restrict the usage on devices that contain a SIM card. The SIM card's unique identification is then used as part of the 'Hardware Identifiers' that determine a valid licensed application.
No information (including SIM card data) is recorded or retained in any way.
